

OPERATION RESOLUTE

Serving Those Who Sacrifice

Serves Chaplains, Strengthens Warriors, Sustains Military Families

WHY

- 17 veterans commit suicide each day, and the risk of suicide is 21% higher for veterans than for the civilian population.
- The divorce rate in some of the groups we work with is over 70%.
- Since 2001, the spiritual, physical and emotional needs of servicemen have skyrocketed.
- Between deployments and trainings, many within the military are away from home at least six months out of the year.

WHO

- Our ministry is unique because strong partnerships with chaplains ensure ongoing impact.
- OR helps chaplains accelerate relationship building, establish trust and address spiritual and emotional issues.
- Our organization currently works with dozens of North Carolina based chaplains within the Air Force, Army, Army Special Forces, and USMC.

WHAT

- We share the love of Christ through marriage, family and outdoor events. Each of these is developed in conjunction with chaplains to meet their specific ministry goals.
- We offer deer, duck, hog and turkey hunts, offshore fishing trips, and family retreats.

Operation Resolute's impact on my ministry to Green Berets and their families is extremely profound. OR dove into their partnership with my Battalion feet first, never hesitating to help provide us with funding, people, and events. The way in which OR events help me to build deep relationships with my cadre and their families cannot be understated.

Chaplain (CPT)
Chad Cottle

MINISTRY IMPACT

★ 235 EVENTS

★ 6,761 SOLDIERS SERVED
